

### “Raising Standards in Mathematics”

**Intended Audience:**

Primary Teachers, Numeracy Leaders and Headteachers.

**£195**  
+VAT

Lunch  
Included

**Objectives:**

- To develop a whole school approach to written calculation and mental recall.
- To investigate the ‘Using and Applying’ strand with new resources to support teaching and learning.
- To develop the language of mathematics, creating forums for ‘talk’ through collaborative learning.

NB 10% Discount if paid one week or more before the course.

**Course dates for Autumn 2009:**

- 17 November 2009 - Bradford
- 19 November 2009 - Leeds
- 23 November 2009 - Wirral
- 24 November 2009 - Carlisle
- 2 December 2009 - Maidstone
- 4 December 2009 - London
- 8 December 2009 - Birmingham

**What schools say about Ray and his strategies and ideas for raising standards:**

*“We got 88% L4+ in Maths, this is a rise of 30% from the year before you sorted us out”*  
(Headteacher – Hawksmoor Primary, London)

*“Not been above 70% for years, 83% is stunning”*  
(Headteacher - Devonshire Park Primary, Wirral)

**Free** *Fiery Ideas*  **software for every delegate!**
